Description

As the extra-curricular management solution preferred by schools worldwide, we will transform the management of clubs and activities, sports & fixtures, breakfast clubs and after school care, trips and events, holiday clubs and camps and even transport - as well as handling online payments for chargeable activities or events. We offer:

- An online management system for all extra-curricular activities
- Online activity sign-up for parents/pupils - also processing activity payments
- A range of system managed activity allocation methods
- A mobile app to take attendance outside the classroom
- Email & SMS messaging to activity participants and their parents
- Improved safeguarding - easily identify 'who is where' during ECA periods
- Create reports to analyse participation

Why not contact us for a bespoke online demonstration of our software solution to learn how you can significantly reduce extra-curricular administration time, improve communication with pupils and parents and increase participation: Paul Elsom, International Sales - hello@chqgroup.co.uk
